CONGRESSMAN TENER READY FOR HIS NOTIFICATION

Republican Gubernatorial Candidate Returns

HAS HIS SPEECH PREPARED

Stands Squarely on the Platform of the Party He Represents

Bronzed by the exposure of sun and wind in an auto tour across the State of New York on his return from the Elks convention at Detroit, Congressman John K. Tener, Republican candidate for Governor of Pennsylvania, arrived at his home in Charleroi last evening. With Mrs. Tener and a party of friends the return from Detroit was made by boat to Buffalo, and thence by auto to New York. Mr. Tener stated that he is feeling fine, and that the auto tour will put him in good physical shape for the active campaign when it opens.

As Mr. Tener will be formally notified of his nomination for Governor at Pittsburg Saturday, he will remain at home until that time, after which he and Mrs. Tener will leave for the New England coast to spend his vacation during the month of August. In response to an invitation he is at Belle Vernon today as one of the honor guests of the bridge celebration. In regard to his notification Saturday he stated that he was as yet unacquainted with the details, but expected to call upon Mayor Magee of Pittsburg who has charge of the matter and learn the arrangements.

When asked if had his speech of acceptance prepared Mr. Tener stated that he was ready for the occasion, but did not care to discuss it "One thing you may say," he added, "is that I stand squarely upon the platform adopted by the Republican State convention at Harrisburg."

Advices from Pittsburg are to the effect that the notification will take place at the Americus Club headquarters Saturday afternoon at 2 o'clock. Mayor Magee has been in correspondence with Republican State Chairman Henry F. Walton of Philadelphia in reference to the ceremony. Chairman Walton will head the notification commitee, which is composed of 50 representative Republicans from all parts of the State. In addition an auxiliary committee has been invited, among which are County Chairman J. Frank McClay and Judge J. F. Taylor of Washington.

Mr. Tener also stated that he expected his colleagues on the State ticket would be present and receive their notifications at the same time. These are: Congressman John M. Reynolds of Bedford for Lieutenant Governor; Henry Houck of Lebanon for Secretary of Internal Affairs and Charles F. Wright of Susqehanna for State Treasurer.

As the Americus Club will throw open its door to those who desire to honor the RepublicanState candidates, a large crowd from Mr. Tener's district is expected to be present. Charleroi has a considerable membership in the Americus Club, and these and their friends, besides many others from Charleroi and along the river will likely be in attendance.

Clerks Hold First Outing at Eldora

Good Crowd Present at Moonlight Picnic and Good Time is Enjoyed

Between 50 and 75 members of the Retail Clerk's organization from Charleroi, Monessen and Mononaghela attended the moonlight picnic held by that body at Eldora Park last evening. The party arrived at the park about 6 o'clock, and after posing for a group photograph sat down to an elaborate supper. President Frank Taylor made an appropriate speech and presented Organizer Baker with a handsome gold watch fob in behalf of the Charleroi and Monessen unions. Mr. Baker made a happy response and thanked the donors most heartily. Dancing and other amusements then constituted the entertainment of the evening until the arrival of the last car.

BICYCLIST IS INJURED

Collides With Automobile at Fifth Street and McKean

IS ABLE TO WALK AWAY

Just as Primo Sozzi, an Italian resident, came down Fifth srteet on a bicycle to the McKean avenue corner, two automobiles came along that thoroughfare. One of them kept on down the street and the other turned up Fifth. Sozzi was so intent watching the auto going on down McKean avenue that he did not see the one coming up Fifth street and collided with it. The driver of the latter machine, J. L. Springer of California, when he saw that the bicyclist was in danger, made a desperate attempt to stop, and ran his machine upon the pavement near the First National Bank in an effort to prevent a collision. The machine was almost stopped when the man and bicycle ran into it. Sozzi was not badly hurt, a slight cut over his eye and a few minor bruises constituting his injuries. One of the occupants of the auto took him to a physician and had his injuries dressed.

FIRST AUTOMOBILE PATROL IN VALLEY IS BROUGHT HERE

The first automobile patrol for the Monongahela valley was brought to Charleroi last night, and has been installed in service by the police department here. The patrol wagon was brought from Pittsburg yesterday by a driver for the A. D. Spencer garage and Chief of Police C. W. Albright, and installed in service at once.

The patrol, which is of the Buick manufacture, costs complete with two beds $1,300. It is equipped for hauling eight or more passengers, and hauling them up such steep hills as Fifth srteet, Charleroi, without a tremor. Last night with one of Spencer's men driving the machine it climbed Fifth street with eight men in as passengers.

Chief of Police Albright can run the machine now, but is in need of some experience. The other men on the force will be taught the intricacie of the mechanism at the earliest opportunity, and hereafter running the automobile will of necessity be one of the accomplishments of the patrolmen.

The Pittsburg police were greatly pleased with the vehicle. Those who examined it before it left the city said that it had any patrol of Pittsburg's beaten in every way. The auto patrol is one but few cities of Western Pennsyvlania, and probably no other town the size of Charleroi in the State has one.

AUTOMOBILE AND CIVIC PARADE FEATURE OF BIG DEMONSTRATION

Residents of the Monongahela valley turned out en masse for the free bridge celebration at Belle Vernon today. Beginning with a parade in which a hundred automobiles, many floats, several secret societies, a couple of schools and half a dozen bands took part, the affair will conclude with three yacht races on the river at 5:30. This afternoon a bakset picnic is being enjoyed in Lynn's grove, near Belle Vernon. The program there includes speaking by prominent visitors, a base ball game and a five act high wire performacne from the Pittsburg Hippodrome at Forbes Field.

John Irons was chief marshal of the parade, which moved promptly at 10 o'clock Previous to its formation the autos containing invited guests, officials of the two counties, officers of the Civic League of Belle Vernon and the Speers committee instrumental in getting the bridge freed went to Charleroi, which town has taken an active part also in the move. It had been at first decided to go to Monessen also, but upon learning that Fayette City made a request that the cavalcade come there as well, all was cut out

The Loyal Order of Moose had the largest delegation of any order in line, the Belle Vernon lodge being reinforced by delegations from Monessen, Charleroi and other places The Moose had their own band. The Hungarian miners of Pricedale, a mining village near Belle Vernon, turned out 300 strong, also with a band. Other societies had large representations also, and some handsome floats were seen. The high schools of Belle Vernon and North Belle Vernon, as well as the primary grades, were in the line in elaborately decorated wagons. The three towns—Belle Vernon, North Belle Vernon and Speers—were beautifully decorated for the occasion, the colors being red, white and blue. A large number of the autos were also decorated with the National colors. These contained the county officials in the order of their rank, officers of the Civic League and committees in charge.

While the autos were traversing the principal streets of Charleroi the parade was forming on the Belle Vernon side of the river. From Main street it moved across the bridge to Speers, and there fell in behind the autos on their return. The line of march was from there back to Main street, Main to Third, Third to Water, Water to Fourth, Fourth to Main, Main to State, State to Fayette, and thence to the picnic grounds. The woods were reached about 11 o'clock and preparations were at once begun for dinner. The invited guests have been apportioned out among the people of the two towns, avoiding the trouble making "speakers" or "guests" table.

It had been expected that the judges of the counties which are connected by the bridge and which now own it would be present and speak, but regrets have been received from all. Judges R. E. Umbel and J. Q. Van Swearingen, of Fayette county, are busily engaged, Judge J. A. McIlvaine, of Washington county, is at the seashore and Judge J. F. Taylor, also of Washington county, is sojourning at Lake Erie. Congressman J. K. Tener went to Belle Vernon shortly after noon in D. M. McCloskey's automobile. With him was his secretary, Walter H. Gaither and Tom P. Sloan. He will make an address.

Others present who will speak are Congressman Allen F. Cooper, Hon. John R. Byrne and Attorney Thomas P. Jones of Fayette county; Hon David M. Campsey and ex-District Attorney Alexander M. Templeton, of Washington, and Dr. John S. VanVoorhis the Belle Vernon historian. They will be introduced by Edward L. Sears, president of the Civic League, which organization has worked so hard for the freeing of the bridge.

One of the features which will prove a big drawing card is the motor boat races scheduled to take place at 5:30. The McKeesport Yacht club will send a delegation, as will also Monongahela, Brownsville and every other town having motor boats. A better place for a race could not be found anywhere along the river than right here, as for over a mile there is a fine stretch almost straight. Both banks and the bridge form a splendid place for witnessing both start and finish.

Other guests than those mentioned in the peceding paragraph are W. A. Blaney, J. S. Langley, E. H. McClelland, Fayette county commissioners, S. W. Henshaw and Charles B. Franks, Fayette county viewers, Alex Macbeth and Frank McLaughlin, Fayette county detectives, Sheriff P. A. Johns, of Fayette county, H. D. Brownneller, J. F. Berkshire and Capt M. Harsha, Washington county jurors, Sperintendent A. G. Mitchell of the Monongahela division P. R. R., and County Treasurer W. E. Lane.

PRESBYTERIANS TO HOLD ANNUAL PICNIC

Outing at Tuman's Grove To-morrow of the Sunday School

The annual picnic of the First Presbyterian Sunday school will be held at Tuman's Grove, weather permitting, tomorrow. Should the conditions prove inclement, the picnic will be postponed until Friday. A program of sports will be arranged together with other forms of amusement. Baskets must be left at the church not later than 10:30 o'clock to insure them being taken to the grove.

MISTAKES WINDOW FOR HIS GOLIATH

Boy Playing David Throws Pebble Through Window With Sling

[illegible] endeavoring to demonstrate just now David killed Goliath and mistaking his aim of the river for G. S. Might's store on McKean avenue, just back of where he was standing, proved damaging to the store. A small round pebble which was used as a missile by the lad hit one of the large plate glass windows of the store and made a small hole so that a new window will be necesasry. The pebble struck with such force that the glass was shattered.

TWO COKE TRAINS COLLIDE ON BRANCH

Several Rods of Track Torn Up When Accident Occurs at Ellsworth

By a colilsion of two coke trains on the Ellsworth branch, nine steel cars were wrecked last evening, and sevreal rods of track were torn up. There was no one hurt. The cause of the wreck is said to have been a misinterpretation of signals. The cars were piled up in a mass, while the track was torn up in such a way that a temporary track has to be laid around the debris for the present to prevent much delay in traffic.

OFFICIALS ARRANGING TRANSFER

Pittsburg Plass Glass Men Hold Conference

CHANDLER COMING SOON

Head officials of the Pittsburg Plate Glass company and superintendents of two plants held one of their periodical meetings yesterday at the No. 6 plant at Charleroi, when they discussed matters with E. Irving Brown at present in charge of the local plant, relative to the changes soon to be made in the superintendency.

Those present at the meeting were C. B. Raymond, second vice president; John Willets, superintendent of the stock department: W. E. Barnes, superintendent of Factory No.1 at Creighton; J. J. Bechtel, superintendent, of No 2 factory at Tarentum and Mr. Brown.

It is expected that A. Hart Chandler, the new superintendent of the local plant with whom Superintendent R. O Stilwell transferred, Mr. Stilwell going to Crystal City, Mo., will arrive some time in August to take charge of the local plant. Mr. Brown will then go to Crystal City, where he will be the assistant superintendent.

ELEPHANT SHOW AT SHADY GROVE

Power's herd of hippodrome elephants are scheduled as one of the big attractions at Shady Grove, near Uniontown, all next week beginning Sunday. The animals will arrive Sunday in a special train and will be unloaded at the park immediately after their arrival. They will be given their daily bath Sunday afternoon in the lake at the park. When they took their initial dip last season about 8,000 men, women and children thronged the park and watched the animals. If there are any persons who doubt the wonderful memory of the elephants they are given a special invitation to present themselves next week and be convinced that the animals remembered them from their last visit there a year ago. Two performances will be given every day next week with the big bath immediately after the afternoon show.

Shady Grove is owned by Charleroi people and managed by R. S. Coyle.

A Triumphal Arch

It was the custom of the ancient Romans to erect triumphal arches along the line of processions when their legions returned from a campaign of victorious conquest, laden with the spoils of victory and followed by trains of prisoners condemned by the fortunes of war to slavery. These arches, which were works of art, were purely ornamental and symbolical and served no useful purpose, other than the development of skill and architecture in their construction. The benefits thus derived were not commensurate with the effort, as the effects were designed to promote the sentiment of war, conquest, rapine and imperial aggrandizement. The welfare of the individual was not considered.

In marked contrast with this ancient custom is the celebration of the utilization of a triumphal arch which the people of our neighboring towns of Belle Vernon and Speers are celebrating today. As a work of art this arch is not a thing of beauty. It is not composed of costly marble and rich carvings. To the eye it looks dull and dingy, but so far as human usefulness is concerned it is of infinitely more service and confers greater benefits than did ever the most costly tribute to the ancient Roman conquerors. This modern arch spans an endless procession, but it is a procession of peace and commerce, bearing the fruits of useful toil and distributing them where they will best serve the wants and desire of humanity. It is symbolical of one of the great victories of peace, and the celebration of its still greater sevice to humanity is one of the most felicitous events that can be observed in any community.

The Rump Ticket

Dominated by former Congressman E. F. Acheson the Washington Observer is still strong for the proposed "rump" ticket that the Flinn VanValkenburg gang is backing, and for the nomination of which a convention has been called to meet in Philadelphia on July 28. It is to be a gathering of big ex-bosses, little ex-bosses, soreheads and irreconciliables, and from present indications its pathway will not be strewn with roses. Already the clans are clashing over the selection of a candidate to head the motley ticket. Some of the disaffected Republicans want D. Clarence Gibbony of Philadelphia, while disgruntled Democrats insist that Ex State Treasurer W. H. Berry should be the standard bearer. Add to this the charges that the big ex-bosses have selected the delegates to the rump convention from Philadelphia and Allegheny county, which will dictate the nominations, and the movement already bears the earmarks of a typical boss-controlled party.

With no issue but the cry of bossism, the rump movement will have hard sledding. There is no effort on the part of this bunch to show that the government of the State is not capable nor has not been efficiently administered. Previous independent movements had for an issue party abuses and misgovernment, but as the present aggregation of malcontents cannot show this, they are only building upon a foundation of sand.

Selling Bonds

The county commissioners are having trouble in disposing of their last issue of road bonds, because the rate of interest is so low that bond buyers cannot handle them on a commission sufficient to make a satisfactory profit. The issue is for $100,000, at par, with four per cent interest, the buyer to pay the State tax of four mills. This would make the rate of interest three and sixth tenths per cent per annum. The city of Philadelphia recently had a similar experience. They had an issue of $5,000,000 of city four per cent bonds to sell that the professional bond buyers turned down for the same reason that the Washington county bonds were rejected. Thereupon the city officials offered the bonds for sale "over the counter," that is, to any one who wanted to buy in any amount, and the reesult was that the bonds were sold out in short order. While the rate of interest is lower than the saving banks offer, the security is better, as the whole city is back of the issue, which does not mature until thirty years.

Washington county might profit by Philadelphia's experience, and sell the bonds direct to the people in any amounts they might desire to buy. It has become so much the custom to sell county and municipal bonds in large blocks that many people think they cannot be disposed of in any other way. These bonds are the best kind of security, and even if the interest is a shade lower they extend for a long period of time and can be used as collateral in emergencies. Because of the inability to dispose of the issue the county commissioners will be unable to make necesasry road improvements. People with money to invest should look over this proposition.

EPISCOPALS WIN FROM CATHOLICS IN WARM BATTLE

Sixth Street Boys Strenghten Their Hold on First Place

HEAVERS DO GOOD WORK

The Episcopals made more solid their hold on first place last night by defeating the Catholics in a warm contest by the score of 3 to 2. The game was not one of the much hitting kind, and earned runs were not greatly in evidence. The Catholics scored first in the first inning, when O'Neil got a pass, went second on an error, and came in on Newton's drive for three bases. Their next score was tallied by the same person in the third when he got a hit, went to second on an error, and counted on Newton's single. The Episcopals scored one in the second, one in the third and one in the fourth. In the second Montgomery drove one out for three bags and went home on an error. Kuhn singled in the second and completed the circuit on Guder's bid for three pillows. Montgomery got on first in the fourth while the Catholics were endeavoring to catch Hughes. He rested on third after a ball got through Courtley, and made home on a single of Johnston's. The score:

What a Toad Enjoys.

There are few things more amusing than to watch a toad submitting to the operations of a back scratching. He will at first look somewhat suspiciously at the twig which you are advancing toward him, but after two or three passes down his back his manner undergoes a marked change, his eyes close with an expression of infinite rapture, he plants his feet wider apart, and his body swells out to nearly double its ordinary size, as if to obtain by these means more room for enjoyment. Thus he will remain until you make some sudden movement, which startles him or until he has had as much petting as he wants, when, with a puff of regretful delight, he will reduce himself to his usual dimensions and hop away, bent once more on the pleasures of the chase.

THE ONLY WAY

Many Charleroi Citizens Have Discovered It.

Just what to do when the kidneys are affected, is a question that concerns both young and old. Weak kidneys neglected in childhood lead to lifelong sufferings. People of advanced years, with less vitality, suffer doubly. In youth or age, languor, backache, urinary irregularity, dizziness and nervousness make life a burden.

There is one remedy that acts directly on the kidneys and cures these troubles. Doans' Kidney Pills owe their world-wide fame to the fact that they cure sick kidneys and cure them permanently. Follow the example of this Charleroi citizen and you will be convinced that this is so.

Mrs. George Ewing, 913 Shady avenue, Charleroi, Pa., says: "Doan's Kidney Pills have been used in our faimly for some time with the best of results. We procure our supply at Piper Bros.' Drug Store, and it does not take this remedy long to dispose of any attack of kidney trouble. I advise anyone troubled by disordered kidneys to give Doan's Kidney Pills a trial."

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States.

WEST PENN MAY CONSTRUCT NEW TROLLEY LINE

Making Tentative Plans, It is Said, For New Connections

CROSS AT BROWNSVILLE

The West Penn Street Railways company, which operates extensive lines in Fayette and Westmoreland counties, is said to be considering the construction of one of three new lines within the near future, which will add to their net work of tracks and embrace a new county. The one proposition looked upon as the most fausable it is asid is one to construct a line from Brownsville to Washington, where there are but poor connections.

The West Penn company operates a line between Brownsville and Uniontown now, something similar to the Pittsburg-Charleroi line. For some time there have been rumors that this Brownsville line would be eventually extended, and it is known that the company has been considering two or three propositions. With the tearing down of the old wooden bridge at Brownsville another phase of put on the matter. In the event at the erection of a new bridge at this point a not unlikely occurrence, the probabilities are that the West Penn company would secure rights to cross and then extend their road almost in a direct line to Washington.

The West Penn company some time ago made overtures to the Westside Street railway company for the purchase of their line and for the purchase of the Webster, Monessen, Belle Vernon and Fayette City line, but could not secure either one. This is proof that the West Penn intends to build lines throughout Washington county at some future time.

Mrs. and Mrs. F. O. Fohner are leaving for Pittsburg where Mr. Fohner will be employed in Child's restaurant.

Fashions In Borneo.

According to the rules of Borneoan fashion it is deemed necessary to mold one's limbs into a more shapely form than that bestowed by nature. This is done really effectively by winding strong brass wire round the ankles, the wrists, under the knees and above the elbows of children. Growth at these points is, in consequence, greatly hampered, with the result that the limbs come to be deformed or, according to Dyak ideas, brought into proper shape. The headdress consists of a curious headwork cap, and around his neck a bridegroom to be wears bangles of plaited fiber and strings of cowrie shells. These shells, by the way, as in other parts of the world, are used as currency. A yard of fiber or twenty to thirty cowrie shells represent the value of a penny. The white armlets are made of another species of shells. —Wide World Magazine.

An Economy.

It is a genuine economy to purchase laundry soap in large quantities and put it away to harden. One gets it for less per bar, of course, and the soap that has been allowed to harden lasts a great deal longer. If it has been purchased in long bars it should be cut into sizes convenient for use before it is put away. High shelves are excellent places for ripening soap, and one housewife always stores hers on the attic stairway.

"PITCHING INTO POLITICS"

The Story of John K. Tener

The Republican Candidate for Governor of Pennsylvania

IN

The SATURDAY EVENING POST

Dated July 23d

EVERY man in this section should read this sketch of Congressman Tener, the ex-National League baseball pitcher, and how he was nominated as the Republican candidate for governor.

Of Mr. Tener personally the "Who's Who and Why" man says:

"He is a quiet, industrious man, popular with his colleagues, and always votes with the Organization. For a new man he has done a lot for his district.

Congressman Tener is one of the best known men in Pennsylvania. A few years ago he was elected Grand Exalted Ruler of the Elks, and while he has not played professional baseball for a number of years, he is known to every baseball fan in the Keystone State.

"Congressman Tener is the first pitcher ever put at the top of the batting list."

Show this ad, to every man in town. Tell them that they want to get this issue of THE POST and read the story of Congressman Tener.

CONGRESSMAN TENER READY FOR HIS NOTIFICATION

Republican Gubernatorial Candidate Returns

HAS HIS SPEECH PREPARED

Stands Squarely on the Platform of the Party He Represents

Bronzed by the exposure of sun and wind in an auto tour across the State of New York on his return from the Elks convention at Detroit, Congressman John K. Tener, Republican candidate for Governor of Pennsylvania, arrived at his home in Charleroi last evening. With Mrs. Tener and a party of friends the return from Detroit was made by boat to Buffalo, and thence by auto to New York. Mr. Tener stated that he is feeling fine, and that the auto tour will put him in good physical shape for the active campaign when it opens.

As Mr. Tener will be formally notified of his nomination for Governor at Pittsburg Saturday, he will remain at home until that time, after which he and Mrs. Tener will leave for the New England coast to spend his vacation during the month of August. In response to an invitation he is at Belle Vernon today as one of the hon or guests of the bridge celebration. In regard to his notification Saturday he stated that he was as yet unacquainted with the details, but expected to call upon Mayor Magee of Pittsburg who has charge of the matter and learn the arrangements.

When asked if had his speech of acceptance prepared Mr. Tener stated that he was ready for the occasion, but did not care to discuss it. "One thing you may say," he added, "is that I stand squarely upon the platform adopted by the Republican State convention at Harrisburg."

Advices from Pittsburg are to the effect that the notification will take place at the Americus Club headquarters Saturday afternoon at 2 o'clock. Mayor Magee has been in correspondence with Republican State Chairman Henry F. Walton of Philadelphia in reference to the ceremony. Chairman Walton will head the notification commitee, which is composed of 50 representative Republicans from all parts of the State. In addition an auxiliary committee has been invited, among which are County Chairman J. Frank McClay and Judge J. F. Taylor of Washington.

Mr. Tener also stated that he expected his colleagues on the State ticket would be present and receive their notifications at the same time. These are: Congressman John M. Reynolds of Bedford for Lieutenant Governor; Henry Houck of Lebanon for Secretary of Internal Affairs and Charles F. Wright of Susqehanna for State Treasurer.

As the Americus Club will throw open its door to those who desire to honor the RepublicanState candidates, a large crowd from Mr. Tener's district is expected to be present. Charleroi has a considerable membership in the Americus Club, and these and their friends, besides many others from Charleroi and along the river will likely be in attendance.

Good Crowd Present at Moonlight Picnic and Good Time is Enjoyed

Between 50 and 75 members of the Retail Clerk's organization from Charleroi, Monessen and Mononaghela attended the moonlight picnic held by that body at Eldora Park last evening. The party arrived at the park about 6 o'clock, and after posing for a group photograph sat down to an elaborate supper. President Frank Taylor made an appropriate speech and presented Organizer Baker with a handsome gold watch fob in behalf of the Charleroi and Monessen unions. Mr. Baker made a happy response and thanked the donors most heartily. Dancing and other amusements then constituted the entertainment of the evening until the arrival of the last car.

BICYCLIST IS INJURED

Collides With Automobile at Fifth Street and McKean

IS ABLE TO WALK AWAY

Just as Primo Sozzi, an Italian resident, came down Fifth srteet on a bicycle to the McKean avenue corner, two automobiles came along that thoroughfare. One of them kept on down the street and the other turned up Fifth. Sozzi was so intent watching the auto going on down McKean avenue that he did not see the one coming up Fifth street and collided with it. The driver of the latter machine, J. L. Springer of California, when he saw that the bicyclist was in danger, made a desperate attempt to stop, and ran his machine upon the pavement near the First National Bank in an effort to prevent a collision. The machine was almost stopped when the man and bicycle ran into it. Sozzi was not badly hurt, a slight cut over his eye and a few minor bruises constituting his injuries. One of the occupants of the auto took him to a physician and had his injuries dressed.

FIRST AUTOMOBILE PATROL IN VALLEY —IS BROUGHT HERE

The first automobile patrol for the Monongahela valley was brought to Charleroi last night, and has been installed in service by the police department here. The patrol wagon was brought from Pittsburg yesterday by a driver for the A. D. Spencer garage and Chief of Police C. W. Albright, and installed in service at once.

The patrol, which is of the Buick manufacture, costs complete with two beds $1,300. It is equipped for hauling eight or more passengers, and hauling them up such steep hills as Fifth srteet, Charleroi, without a tremor. Last night with one of Spencer's men driving the machine it climbed Fifth street with eight men in as passengers.

Chief of Police Albright can run the machine now, but is in need of some experience. The other men on the force will be taught the intricacie of the mechanism at the earliest opportunity, and hereafter running the automobile will of necessity be one of the accomplishments of the patrolmen.

The Pittaburg police were greatly pleased with the vehicle. Those who examined it before it left the city said that it had any patrol of Pittsburg's beaten in every way. The auto patrol is one but few cities of Western Pennsyvlania, and probably no other town the size of Charleroi in the State has one.

Main Street, Belle Vernon, Showing Belle Vernon Bridge in Distance.

AUTOMOBILE AND CIVIC PARADE FEATURE OF BIG DEMONSTRATION

Residents of the Monongahela valley turned out en masse for the free bridge celebration at Belle Vernon today. Beginning with a parade in which a hundred automobiles, many floats, several secret societies, a couple of schools and half a dozen bands took part, the affair will conclude with three yacht races on the river at 5:30. This afternoon a bakset picnic is being enjoyed in Lynn's grove, near Belle Vernon. The pro gram there includes speaking by prominent visitors, a base ball game and a five act high wire performacne from the Pittsburg Hippodrome at Forbes Field.

John Irons was chief marshal of the parade, which moved promptly at 10 o'clock. Previous to its formation the autos containing invited guests, officials of the two counties, officers of the Civic League of Belle Vernon and the Speers committee instrumental in getting the bridge freed went to Charleroi, which town has taken an active part also in the move. It had been at first decided to go to Monessen also, but upon learning that Fayette City made a request that the cavalcade come there as well, all was cut out.

The Loyal Order of Moose had the largest delegation of any order in line, the Belle Vernon lodge being reinforced by delegations from Monessen, Charleroi and other places. The Moose had their own band. The Hungarian miners of Pricedale, a mining village near Belle Vernon, turned out 300 strong, also with a band. Other societies had large representations also, and some handsome floats were seen. The high schools of Belle Vernon and North Belle Vernon, as well as the primary grades, were in the line in elaborately decorated wagoons. The three towns—Belle Vernon, North Belle Vernon and Speers—were beautifully decorated for the occasion, the colors being red, white and blue. A large number of the autos were also decorated with the National colors. These contained the county officials in the order of their rank, officers of the Civic League and committees in charge.

While the autos were traversing the principal streets of Charleroi the parade was forming on the Belle Vernon side of the river. From Main street it moved across the bridge to Speers, and there fell in behind the autos on their return. The line of march was from there back to Main street, Main to Third, Third to Water, Water to Fourth, Fourth to Main, Main to State, State to Fayette, and thence to the picnic grounds. The woods were reached about 11 o'clock and preparations were at once begun for dinner. The invited guests have been apportioned out among the people of the two towns, avoiding the trouble making "speakers" or "guests" table.

It had been expected that the judges of the counties which are connected by the bridge and which now own it would be present and speak, but regrets have been received from all. Judges R. E. Umbel and J. Q. Van Swearingen, of Fayette county, are both busily engaged, Judge J. A. McIlvaine, of Washington county, is at the seashore and Judge J. F. Taylor, also of Washington county, is sojourning at Lake Erie. Congressman J. K. Tener went to Belle Vernon shortly after noon in D. M. McCloskey's automobile. With him was his secretary, Walter H. Gaither and Tom P. Sloan. He will make an address.

Others present who will speak are Congressman Allen F. Cooper, Hon. John R. Byrne and Attorney Thomas P. Jones of Fayette county; Hon David M. Campsey and ex-District Attorney Alexander M. Templeton, of Washington, and Dr. John S. VanVoorhis the Belle Vernon historian. They will be introduced by Edward L. Sears, president of the Civic League, which organization has worked so hard for the freeing of the bridge.

One of the features which will prove a big drawing card is the motor boat races scheduled to take place at 5:30. The McKeesport Yacht club will send a delegation, as will also Monongahela, Brownsville and every other town having motor boats. A better place for a race could not be found anywhere along the river than right here, as for over a mile there is a fine stretch almost straight. Both banks and the bridge form a splendid place for witnessing both start and finish.

Other guests than those mentioned in the peceding paragraph are W. A. Blaney, J. S. Langley, E. H. McClelland, Fayette county commissioners, S. W. Henshaw and Charles B. Franks, Fayette county viewers, Alex Macbeth and Frank McLaughlin, Fayette county detectives, Sheriff P. A. Johns, of Fayette county, H. D. Browneller, J. F. Berkshire and Capt M. Harsha, Washington county jurors, Sperintendent A. G. Mitchell of the Monongahela division P. R. R., and County Treasurer W. E. Lane.

Boy Playing David Throws Pebble Through Window With Sling

A boy endeavoring to demonstrate just how David killed Goliath and mistaking his aim of the river for G. S. Might's store on McKean avenue, just back of where he was standing, proved damaging to the store. A small round pebble which was used as a missile by the lad hit one of the large plate glass windows of the store and made a small hole so that a new window will be necessary. The pebble struck with such force that the glass was shattered.

TWO COKE TRAINS COLLIDE ON BRANCH

Several Rods of Track Torn Up When Accident Occurs at Ellsworth

By a collision of two coke trains on the Ellsworth branch, nine steel cars were wrecked last evening, and sevreal rods of track were torn up. There was no one hurt. The cause of the wreck is said to have been a misinterpretation of signals. The cars were piled up in a mass, while the track was torn up in such a way that a temporary track has to be laid around the debris for the present to prevent much delay in traffic.

Mr. Brown will then go to Crystal City, where he will be the assistant superintendent.

ELEPHANT SHOW AT SHADY GROVE

Power's herd of hippodrome elephants are scheduled as one of the big attractions at Shady Grove, near Uniontown, all next week beginning Sunday. The animals will arrive Sunday in a special train and will be unloaded at the park immediately after their arrival. They will be given their daily bath Sunday afternoon in the lake at the park. When they took their initial dip last season about 8,000 men, women and children thronged the park and watched the animals. If there are any persons who doubt the wonderful memory of the elephants they are given a special invitation to present themselves next week and be convinced that the animals remembered them from their last visit there a year ago. Two performances will be given every day next week with the big bath immediately after the afternoon show.

A Triumphal Arch

It was the custom of the ancient Romans to erect triumphal arches along the line of processions when their legions returned from a campaign of victorious conquest, laden with the spoils of victory and followed by trains of prisoners condemned by the fortunes of war to slavery. These arches, which were works of art, were purely ornamental and symbolical and served no useful purpose, other than the development of skill and architecture in their construction. The benefits thus derived were not commensurate with the effort, as the effects were designed to promote the sentiment of war, conquest, rapine and imperial aggrandizement. The welfare of the individual was not considered.

In marked contrast with this ancient custom is the celebration of the utilization of a triumphal arch which the people of our neighboring towns of Belle Vernon and Speers are celebrating today. As a work of art this arch is not a thing of beauty. It is not composed of costly marble and rich carvings. To the eye it looks dull and dingy, but so far as human usefulness is concerned it is of infinitely more service and confers greater benefits than did ever the most costly tribute to the ancient Roman conquerors. This modern arch spans an endless procession, but it is a procession of peace and commerce, bearing the fruits of useful toil and distributing them where they will best serve the wants and desire of humanity. It is symbolical of one of the great victories of peace, and the celebration of its still greater sevice to humanity is one of the most felicitous events that can be observed in any community.

The Rump Ticket

Dominated by former Congressman E. F. Acheson the Washington Observer is still strong for the proposed "rump" ticket that the Flinn Van Valkenburg gang is backing, and for the nomination of which a convention has been called to meet in Philadelphia on July 28. It is to be a gathering of big ex-bosses, little ex-bosses, soreheads and irreconcilables, and from present indications its pathway will not be strewn with roses. Already the clans are clashing over the selection of a candidate to lead the mongrel ticket. Some of the disaffected Republicans want D. Clarence Gibbony of Philadelphia, while disgruntled Democrats insist that Ex State Treasurer W. H. Berry should be the standard bearer. Add to this the charges that the big ex-bosses have selected the delegates to the rump convention from Philadelphia and Allegheny county, which will dictate the nominations, and the movement already bears the earmarks of a typical boss-controlled party.

With no issue but the cry of bossism, the rump movement will have hard sledding. There is no effort on the part of this bunch to show that the government of the State is not capable nor has not been efficiently administered. Previous independent movements had for an issue party abuses and misgovernment, but as the present aggregation of malcontents cannot show this, they are only building upon a foundation of sand.

Selling Bonds

The county commissioners are having trouble in disposing of their last issue of road bonds, because the rate of interest is so low that bond buyers cannot handle them on a commission sufficient to make a satisfactory profit. The issue is for $100,000, at par, with four per cent interest, the buyer to pay the State tax of four mills. This would make the rate of interest three and sixth tenths per cent per annum. The city of Philadelphia recently had a similar experience. They had an issue of $5,000,000 of city four per cent bonds to sell that the professional bond buyers turned down for the same reason that the Washington county bonds were rejected. Thereupon the city officials offered the bonds for sale "over the counter," that is, to any one who wanted to buy in any amount, and the reesult was that the bonds were sold out in short order. While the rate of interest is lower than the saving banks offer, the security is better, as the whole city is back of the issue, which does not mature until thirty years.

Washington county might profit by Philadelphia's experience, and sell the bonds direct to the people in any amounts they might desire to buy. It has become so much the custom to sell county and municipal bonds in large blocks that many people think they cannot be disposed of in any other way. These bonds are the best kind of security, and even if the interest is a shade lower they extend for a long period of time and can be used as collateral in emergencies. Because of the inability to dispose of the issue the county commissioners will be unable to make necessary road improvements. People with money to invest should look over this proposition.

As proof that the cost of living has correspondingly increased in England is the fact that one man's salary was raised from $3,105,000 a year to $3,170,000 a year.

When a man gets a red nose and red cheeks, they say he has been hitting the booze too lively, while if a woman gets red cheeks or a red nose, she has merely been using too much complexion cream.

EPISCOPALS WIN FROM CATHOLICS IN WARM BATTLE

Sixth Street Boys Strenghten Their Hold on First Place

HEAVERS DO GOOD WORK

The Episcopals made more solid their hold on first place last night by defeating the Catholics in a warm contest by the score of 3 to 2. The game was not one of the much hitting kind, and earned runs were not greatly in evidence. The Catholics scored first in the first inning, when O'Neil got a pass, went second on an error, and came in on Newton's drive for three bases. Their next score was tallied by the same person in the third when he got a hit, went to second on an error, and counted on Newton's single. The Episcopals scored one in the second, one in the third and one in the fourth. In the second Montgomery drove one out for three bags and went home on an error. Kuhn singled in the second and completed the circuit on Guder's bid for three pillows. Montgomery got on first in the fourth while the Catholics were endeavoring to catch Hughes. He rested on third after a ball got through Courtney, and made home on a single of Johnston's. The score:

What a Toad Enjoys.

There are few things more amusing than to watch a toad submitting to the operations of a back scratching. He will at first look somewhat suspiciously at the twig which you are advancing toward him, but after two or three passes down his back his manner undergoes a marked change. his eyes close with an expression of infinite rapture, he plants his feet wider apart, and his body swells out to nearly double its ordinary size, as if to obtain by these means more room for enjoyment. Thus he will remain until you make some sudden movement, which startles him or until he has had as much petting as he wants, when, with a puff of regretful delight, he will reduce himself to his usual dimensions and hop away, bent once more on the pleasures of the chase.

THE ONLY WAY

Many Charleroi Citizens Have Discovered It.

Just what to do when the kidneys are affected, is a question that concerns both young and old. Weak kidneys neglected in childhood lead to lifelong sufferings. People of advanced years, with less vitality, suffer doubly. In youth or age, languor, backache, urinary irregularity, dizziness and nervousness make life a burden.

There is one remedy that acts directly on the kidneys and cures these troubles. Doans' Kidney Pills owe their world-wide fame to the fact that they cure sick kidneys and cure them permanently. Follow the example of this Charleroi citizen and you will be convinced that this is so.

Mrs. George Ewing, 913 Shady avenue, Charleroi, Pa., says: "Doan's Kidney Pills have been used in our faimly for some time with the best of results. We procure our supply at Piper Bros.' Drug Store, and it does not take this remedy long to dispose of any attack of kidney trouble. I advise anyone troubled by disordered kidneys to give Doan's Kidney Pills a trial."

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

WEST PENN MAY CONSTRUCT NEW TROLLEY LINE

Making Tentative Plans, It is Said, For New Connections

CROSS AT BROWNSVILLE

The West Penn Street Railways company, which opperates extensive lines in Fayette and Westmoreland counties, is said to be considering the construction of one of three new lines within the near future, which will add to their net work of tracks and embrace a new county. The one proposition looked upon as the most faesable it is asid is one to construct a line from Brownsville to Washington, where there are but poor connections.

The West Penn company operates a line between Brownsville and Uniontown now, something similar to the Pittsburg-Charleroi line. For some time there have been rumors that this Brownsville line would be eventually exteaded, and it is known that the company has been considering two or three propositions. With the tearing down of the old wooden bridge at Brownsville another phase of put on the matter. In the event of the erection of a new bridge at this point a not unlikely occurrence, the probabilities are that the West Penn company would secure rights to cross and then extend their road almost in a direct line to Washington.

The West Penn company some time ago made overtures to the Westside Street railway company for the purchase of their line and for the purchase of the Webster, Monessen, Belle Vernon and Fayette City line, but could not secure either one. This is proof that the West Penn intends to build lines throughout Washington county at some future time.

Mrs. and Mrs. F. O. Fohner are leaving for Pittsburg where Mr. Fohner will be employed in Child's restaurant.

Fashions In Borneo.

According to the rules of Borneoan fashion it is deemed necessary to mold one's limbs into a more shapely form than that bestowed by nature. This is done really effectively by winding strong brass wire round the ankles, the wrists, under the knees and above the elbows of children. Growth at these points is, in consequence, greatly hampered, with the result that the limbs come to be deformed or, according to Dyak ideas, brought into proper shape. The headdress consists of a curious headwork cap, and around his neck a bridegroom to be wears baugles of plaited fiber and strings of cowrie shells. These shells, by the way, as in other parts of the world, are used as currency. A yard of fiber or twenty to thirty cowrie shells represent the value of a penny. The white armlets are made of another species of shells. —Wide World Magazine.

An Economy.

It is a genuine economy to purchase laundry soap in large quantities and put it away to harden. One gets it for less per bar, of course, and the soap that has been allowed to harden lasts a great deal longer. If it has been purchased in long bars it should be cut into sizes convenient for use before it is put away. High shelves are excellent places for ripening soap, and one housewife always stores hers on the attic stairway.

"PITCHING INTO POLITICS"

The Story of John K. Tener

The Republican Candidate for Governor of Pennsylvania

IN

The SATURDAY EVENING POST

Dated July 23d

EVERY man in this section should read this sketch of Congressman Tener, the ex-National League baseball pitcher, and how he was nominated as the Republican candidate for governor.

Of Mr. Tener personally the "Who's Who and Why" man says:

"He is a quiet, industrious man, popular with his colleagues, and always votes with the Organization. For a new man he has done a lot for his district.

Congressman Tener is one of the best known men in Pennsylvania. A few years ago he was elected Grand Exalted Ruler of the Elks, and while he has not played professional baseball for a number of years, he is known to every baseball fan in the Keystone State.

"Congressman Tener is the first pitcher ever put at the top of the batting list."

Show this ad. to every man in town. Tell them that they want to get this issue of The Post and read the story of Congressman Tener.
